

## **PRESCHOOL SUMMER PROGRAM**

Our school is a mission of Good Shepherd Lutheran Church. We seek to create a Christian environment in which children can understand God's great love for them. Our dedicated staff; through a variety of developmentally appropriate activities, share stories about our Heavenly Father and help the children learn how to talk to God. Our emphasis is on modeling God's love by creating an environment that fosters respect and understanding towards each other.

Our preschool summer program is a unique opportunity for young children to experience an environment especially designed for their learning, exploration and self-discovery while enjoying the safety of a Christian setting. Our program includes a wide range of hands-on activities. We encourage children's social, creative, spiritual and intellectual development.

We believe that children grow and learn when they are both physically and mentally challenged. The preschool summer program gives the children opportunities to discover concepts through experimentation, observation, inquiry and exploratory play. Each day, children are given time to participate in developmentally appropriate dramatic play, story time, arts and crafts, math and dance.

In our summer program we usually have weekly mini camps that will inspire and celebrate your child's imagination. Your child will enjoy themes such as "We Are Human" and "Thunder in the Valley". We will organize several activities to make it possible for you to join your child and other parents for summer fun. These activities include lunch bunch, gymnastics, walking field trips and an end of the summer picnic.

I would like to join with the staff in inviting you, your children, and other family members to join us for our preschool summer program and spend a summer surrounded with love at Good Shepherd Lutheran Summer Camp.
